Introduction

At the Extend Learning Academies Network (ELAN) we are committed to the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) and to the principles of accountability and the general right of access to information, subject to legal exemptions.

To do this, the multi academy trust (MAT) has produced a publication scheme which sets out:

- The classes of information we publish or intend to publish
- The manner in which the information will be published
- Whether the information will be available free of charge or on payment

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is either available for you on our websites to download and print off or available in paper form.

Some information which we hold may not be made public, for example personal information.

We are committed to providing information about the individual schools comprising the MAT in a format that is easily accessible to the public it serves. Any concerns or complaints over the provision of information will be dealt with under the MAT's Complaints Policy.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

Aims

ELAN aims to:

- Enable every child to fulfil their learning potential, with education that meets the needs of each child
- Help every child develop the skills, knowledge and personal qualities needed for life and work and this publication scheme is a means of showing how we are pursuing these aims.

Categories of Information Published

The classes of information that we undertake to make available are organised into four main topic areas:

- School Prospectuses – information published in the individual school prospectuses
- School Profiles and Governance documents unless deemed to be confidential under the Data Protection Act
- Pupils and curriculum – information about policies that relate to students and the school curriculum
- MAT policies and other information related to the MAT schools – information about policies that relate to the MAT or MAT schools in general
